

## Principal's Message

It gives me immense pleasure to welcome you to our esteemed institution, a place where the timeless wisdom of Ayurveda meets the standards of modern education.

Our college is more than an academic center — it is a vibrant gurukula of healing sciences, where knowledge is not only learned but lived. We are deeply committed to preserving the classical heritage of Ayurveda while nurturing competent, compassionate, and ethically grounded physicians for the future.

At our institution, students are guided to understand Ayurveda in its true spirit — as a science of life that promotes balance, prevention, and holistic well-being. Along with strong theoretical foundations, we emphasize clinical exposure, research orientation, and practical training to prepare our graduates to serve society with confidence and integrity.

Our dedicated faculty members, state-of-the-art facilities, herbal gardens, and teaching hospital create a rich environment for learning and professional growth. We take pride in fostering discipline, curiosity, and a spirit of service among our students.

As we move forward, we remain devoted to excellence in Ayurvedic education, patient care, and community outreach. I invite you to explore our institution and join us in our mission of promoting health through the eternal principles of Ayurveda.

As we advance toward the future, we remain rooted in the timeless principles of Ayurveda while contributing to research, community health, and global wellness.

May this institution continue to be a center of healing knowledge and noble service.

धन्वंतरि कृपा सदा आप पर बनी रहे।

With blessings and best wishes,

Principal

Prof. (Dr.) Subhash Chandra Singh Rawat,  
M.D. (Kayachikitsa),  
Rajshree Ayurvedic Medical College & Hospital,  
Bareilly
