ABOUT THE CONFERENCE

Rajshree Institute of Management and Technology, Bareilly (U.P.), India, is organizing a two-day International Conference on "Empowering Gen Alpha & Beta: AI-Driven Educational System (AB-AI 2025)" on 7 & 8, March 2025. The primary objective of this conference is to provide a platform for academicians, scientists, researchers, students, and industry professionals from around the globe to network and engage in meaningful discussions across interconnected fields. This conference offers an opportunity to exchange knowledge and insights on how AI in education can empower Gen Alpha and Beta by providing personalized learning, real-time feedback, and adaptive tools that enhance engagement, critical thinking, and problem-solving skills, thereby preparing them for the challenges of a digital world. The conference will serve as a unique confluence of networking and learning opportunities for all participants.

CALL FOR PAPERS & CONFERENCE TRACKS

We invite submissions of original research papers, case studies, and innovative ideas that explore the transformative role of AI in reshaping educational practices across various disciplines. Topics of interest include the design of curricula that integrate adaptive AI-driven learning systems, as well as the use of AI-powered simulation and modeling tools to enrich the learning experience. We also seek contributions on the impact of robotics and automation, driven by AI, in transforming educational environments, alongside the application of AI tools to foster research and innovation. Submissions focused on AI-enhanced data analysis techniques, skill development across diverse fields, and the creation of personalized learning pathways to inspire creativity and critical thinking are highly encouraged. Papers that explore how AI bridges the gap between theoretical knowledge and practical application, as well as its role in enhancing problem-solving and design capabilities, are also welcome. We invite discussions on how these advancements are shaping strategies to prepare Gen Alpha and Beta for careers in a rapidly changing world.
